The Future of Furniture

- Products which create division + social distancing
- Quick-ship + easy assembly home office packages
- Materials – easy to clean, bleach cleanable, non-porous hard surfaces, anti-bacterial and antimicrobial
- Anti-bacterial technology integrated into products and materials - Silver Ion, UV/Blue Light, Nanotechnology, Copper Infused
- Sanitation products integrated into all work settings
- Agile furniture for flexibility in the open plan and in conference and meeting rooms
- Leasing vs buying furniture
- Hands-free adjustment features

- Benching workstations
- Open workstations with no screens
- High density meeting rooms + spaces
- Soft + porous materials
- Products with a lot of seams or metal folds
- High contact unassigned spaces
- Shared storage and unassigned lockers
- Personal belongings and bags set on floor

Wellness Screens

Protective barriers for your employees and customers

Provide your employees and customers with a protective barrier to help prevent the spread of viruses like COVID-19. Designed to integrate into reception, open plan offices and point of sale areas. Made from clear acrylic, these screens are easy to wipe clean and sanitize to help maintain a healthy environment. Several mounting options allow the screens to be easily secured and removed without damaging the existing furniture or used as a permanent fixture.

KEY FEATURES

- Clear acrylic screen 5mm thick
- Height 36"
- Width 36" or 48"
- Aluminum extruded post and mounting bracket painted in Designer White
- Elevated panel mount allows for document pass through
