

SURREY INTERNATIONAL TRADE CENTRE

Creating global connections for local businesses.

The Surrey International Trade Centre provides businesses with trade documentation services, business connections, digital trade events, targeted market information/support and trade opportunities to sell goods and services beyond Canada's borders. International Trade (importing and exporting) is still important during the pandemic and for economic recovery.

SERVICES

Exporting Advisory Services

In partnership with the Surrey Board of Trade, Exportspark Services Inc. provides consulting services that help businesses figure out exporting. Exportspark provides short engagements that help answer tough exporting questions, export plan design & development services, part-time international sales & marketing services and custom export training program development for economic development agencies and associations.

FUNDING

The Canadian International Innovation Program (CIIP)

The Canadian International Innovation Program (CIIP) supports Canadian companies to pursue international research and development (R&D) collaboration with a foreign partner on projects that have the potential for commercialization. CIIP can help you find R&D partnerships in: Brazil, China, India, Israel, South Korea.
